

Recommendations for your CV and your application
to the Servier Advanced Cardiovascular School (SACVS)

Dear colleagues,

Please send an email expressing your motivation to Professor Panos Vardas: cardio@med.uoc.gr
In copy: vardas.panos@gmail.com and myself: françois.camus@servier.com

The group of 12 cardiologists will be divided in 2 sub-groups: 1) Interventional Cardiology, and 2) General cardiology / Heart Failure. Please indicate clearly your group of choice.

- Please join a letter of support signed by your Chief of Department / Mentor

CV: to be attached to the mail. You can find many good models of scientific or academic CVs on internet. Two pages should be enough. Please do not forget:

- a nice photo (color)
- date of birth
- email address and phone number
- past, present and future clinical or research interest
- technical skills in cardiology
- past and current professional experiences
- medical educations, diplomas
- memberships in scientific societies
- experiences in foreign countries
- spoken languages and levels
- personal interests

Please list briefly:

- main publications, abstracts, communications in scientific events
- participation in clinical trials
- courses, CME, awards

François Camus
Medical and Scientific projects director,
Servier Central, Eastern Europe and Canada Sector
