POZDRAVNA REČ

Poštovane koleginice i kolege, dragi prijatelji,

Sa velikim zadovoljstvom vas pozravljamo na XXIV Kongresu Udruženja kardiologa Srbije, sa međunarodnim učešćem, koji se ove godine održava na Zlatiboru od 19. do 22. oktobra.

Kongres je predviđen i akreditovan za: lekare, farmaceute, medicinske sestre i tehničare.

Otvaranje kongresa će se odvijati u Svečanoj Sali Hotela Zlatibor, gde će biti uručene i nagrade.

Teme kongresa će obuhvatiti prevenciju, dijagnostiku i lečenje kardiovaskularnih bolesti koje se odnose na ishemiske-, na valvularne bolesti, na kardiomiopatije, na plućnu hipertenziju i na poremećaj ritma. Predavanja će biti i o interventnim metodama, kardiohirurškim temama, novim smernicama u kardiologiji, ali i o kardiovaskularnoj rehabilitaciji, a o svemu ovome govorice lekari iz Srbije i gosti iz sveta.

Pojedinim sesijama će prisustvovati i članovi Udruženja pacijenata, a studenti medicine će ove godine prvi put imati svoju sesiju gde će sa svojim mentorima prikazati svoje rade o kardiološkim temama.

Rad Kongresa biće organizovan kroz plenarne sesije, oralne prezentacije i poster prikaze. Farmaceutske kompanije će organizovati Simpozijume tokom trajanja kongresa u salama Hotela Palisad i u Svečanoj Sali Hotela Zlatibor.

Želimo vam lepo i korisno provedeno vreme tokom kongresa!

S poštovanjem,

Anastazija Stojšić Milosavljević
Predsednica Udruženja kardiologa Srbije

Milenko Čanković
Sekretar Udruženja kardiologa Srbije

WELCOME NOTE

We are pleased to welcome you to the XXIV Congress of the Serbian Society of Cardiology, with International Participation, which is held this year in Zlatibor from the 19th to the 22nd of October. The Congress is accredited for physicians, pharmacists, nurses, and technicians.

The opening ceremony of the congress will take place in the Ceremony Hall of the Zlatibor Hotel, where awards will be presented. The topics of the congress will be prevention, diagnosis, and treatment of cardiovascular diseases related to ischemic, valvular diseases, cardiomyopathies, pulmonary hypertension, and rhythm disturbances. Lectures will also cover interventional methods, cardio-surgical topics, new guidelines in cardiology, as well as cardiovascular rehabilitation, all of which will be presented by doctors from Serbia and guests from around the world.

Members of the Patients' Association will attend certain sessions. One important addition is that medical students will have their own session this year, during which they are going to present their work on different cardiology topics, which were supervised by their mentors.

The Congress will be organized through plenary sessions, oral presentations, and poster displays. Pharmaceutical companies will organize symposiums during the congress in the halls of the Palisad Hotel and in the Ceremony Hall of the Zlatibor Hotel.

We wish you a pleasant and productive time during the congress!

With respect,

Anastazija Stojšić Milosavljević
President of the Cardiology Society of Serbia

Milenko Čanković
Secretary of the Cardiology Society of Serbia
